#### § 1357.10 Scope and definitions.

(a) *Scope.* This part applies to State and Indian Tribal programs for child welfare services under subpart 1, and family preservation and family support services under subpart 2 of title IV-B of the Act.

(b) *Eligibility.* Child and family services under title IV-B, subparts 1 and 2, must be available on the basis of need for services and must not be denied on the basis of income or length of residence in the State or within the Indian Tribe's jurisdiction.

(c) *Definitions.*

*Child and Family Services Plan (CFSP)* means the document, developed through joint planning, which describes the publicly-funded State child and family services continuum (family support and family preservation services; child welfare services, including child abuse and neglect prevention,

intervention, and treatment services; services to support reunification, adoption, kinship care, foster care, independent living, or other permanent living arrangements). For Indian Tribes, the document describes the child welfare and/or family preservation and support services to be provided by the Indian Tribe; includes goals and objectives both for improved outcomes for the safety, permanency and well-being of children and families and for service delivery system reform; specifies the services and other implementation activities that will be undertaken to carry out the goals and objectives; and includes plans for program improvement and allocation of resources.

*Child welfare services* means public social services directed to accomplish the following purposes:

(1) Protecting and promoting the welfare and safety of all children, including individuals with disabilities; homeless, dependent, or neglected children;

(2) Preventing or remedying, or assisting in the solution of problems which may result in the neglect, abuse, exploitation, or delinquency of children;

(3) Preventing the unnecessary separation of children from their families by identifying family problems and assisting families in resolving their problems and preventing the breakup of the family where the prevention of child removal is desirable and possible;

(4) Restoring to their families children who have been removed and may be safely returned, by the provision of services to the child and the family;

(5) Assuring adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption; and

(6) Placing children in suitable adoptive homes, in cases where restoration to the biological family is not possible or appropriate.

*Children* refers to individuals from birth to the age of 21 (or such age of majority as provided under State law) including infants, children, youth, adolescents, and young adults.

*Community-based services* refers to programs delivered in accessible settings in the community and responsive to the needs of the community and the

individuals and families residing therein. These services may be provided under public or private nonprofit auspices.

*Families* includes, but is not limited to, biological, adoptive, foster, and extended families.

*Family preservation services* refers to services for children and families designed to protect children from harm and help families (including foster, adoptive, and extended families) at risk or in crisis, including—

(1) Preplacement preventive services programs, such as intensive family preservation programs, designed to help children at risk of foster care placement remain with their families, where possible;

(2) Service programs designed to help children, where appropriate, return to families from which they have been removed; or be placed for adoption, with a legal guardian, or, if adoption or legal guardianship is determined not to be appropriate for a child, in some other planned, permanent living arrangement;

(3) Service programs designed to provide follow-up care to families to whom a child has been returned after a foster care placement;

(4) Respite care of children to provide temporary relief for parents and other caregivers (including foster parents);

(5) Services designed to improve parenting skills (by reinforcing parents' confidence in their strengths, and helping them to identify where improvement is needed and to obtain assistance in improving those skills) with respect to matters such as child development, family budgeting, coping with stress, health, and nutrition; and

(6) Case management services designed to stabilize families in crisis such as transportation, assistance with housing and utility payments, and access to adequate health care.

*Family support services* means community-based services to promote the well-being of children and families designed to increase the strength and stability of families (including adoptive, foster, and extended families), to increase parents' confidence and competence in their parenting abilities, to afford children a stable and supportive family environment, and otherwise to

enhance child development. Family support services may include:

(1) Services, including in-home visits, parent support groups, and other programs designed to improve parenting skills (by reinforcing parents' confidence in their strengths, and helping them to identify where improvement is needed and to obtain assistance in improving those skills) with respect to matters such as child development, family budgeting, coping with stress, health, and nutrition;

(2) Respite care of children to provide temporary relief for parents and other caregivers;

(3) Structured activities involving parents and children to strengthen the parent-child relationship;

(4) Drop-in centers to afford families opportunities for informal interaction with other families and with program staff;

(5) Transportation, information and referral services to afford families access to other community services, including child care, health care, nutrition programs, adult education literacy programs, legal services, and counseling and mentoring services; and

(6) Early developmental screening of children to assess the needs of such children, and assistance to families in securing specific services to meet these needs.

*Joint planning* means an ongoing partnership process between ACF and the State and between ACF and an Indian Tribe in the development, review, analysis, and refinement and/or revision of the State's and the Indian Tribe's child and family services plan. Joint planning involves discussions, consultation, and negotiation between ACF and the State or Indian Tribe in all areas of CFSP creation such as, but not limited to, identifying the service needs of children, youth, and families; selecting the unmet service needs that will be addressed; developing goals and objectives that will result in improving outcomes for children and families; developing a plan to meet the matching requirements; and establishing a more comprehensive, coordinated and effective child and family services delivery system. The expectation of joint planning is that both ACF and the State or Indian Tribe will reach agreement on

substantive and procedural matters related to the CFSP.

[61 FR 58655, Nov. 18, 1996]

**§ 1357.15 Comprehensive child and family services plan requirements.**

(a) *Scope.* (1) The CFSP provides an opportunity to lay the groundwork for a system of coordinated, integrated, culturally relevant family focused services. This section describes the requirements for the development, implementation and phase-in of the five-year comprehensive child and family services plan (CFSP). The State's CFSP must meet the requirements of both of the following programs. The Indian Tribe's CFSP must meet the requirements of one or both of the following programs depending on the Tribe's eligibility:

(i) Child welfare services under title IV-B, subpart 1; and

(ii) Family preservation and family support services under title IV-B, subpart 2.

(2) For States only, the CFSP also must contain information on the following programs:

(i) The independent living program under title IV-E, section 477 of the Act; and

(ii) The Child Abuse and Neglect State grant program (known as the Basic State Grant) under the Child Abuse Prevention and Treatment Act (CAPTA) (42 U.S.C. 5101 et. seq.).

(3) States must meet all requirements of this section except those that apply only to Indian Tribes. Indian Tribes must meet the requirements of this section only as specified.

(4) States and eligible Indian Tribes have the option to phase-in the requirements for a consolidated CFSP. The consolidated CFSP requirements must be in place by June 30, 1997 and meet the requirements of 45 CFR 1357.16.

(b) *Eligibility for funds.* (1) In order to receive funding under title IV-B, subparts 1 and 2, each State and eligible Indian Tribe must submit and have approved a consolidated, five-year Child and Family Services Plan (CFSP) and a CFS-101, Budget Request and Estimated Expenditure Report that meets the requirements under 45 CFR 1357.16.

(2) States and Indian Tribes that are consolidating the requirements for a CFSP in FY 1995, in accordance with § 1357.15(a), must submit the CFSP and a CFS-101 for FY 1995 and 1996 by June 30, 1995.

(3) States and eligible Indian Tribes choosing to phase-in the requirements for a consolidated CFSP in FY 1996 and 1997 must submit the CFSP, the CFS-101 for FY 1995 for subpart 1 and 2, and the CFS-101 for subpart 2 for FY 1996 by June 30, 1995.

(4) The CFSP will be approved only if the plan was developed jointly by ACF and the State (or the Indian Tribe), and only after broad consultation by the State (and the Indian Tribe) with a wide range of appropriate public and non-profit private agencies and community-based organizations with experience in administering programs of services for children and families (including family preservation and support services).

(5) By June 30, 1996, each grantee must submit and have approved the first Annual Progress and Services Report and a CFS 101 for FY 1997 that meets the statutory and regulatory requirements of title IV-B, subparts 1 and 2.

(6) The Annual Progress and Services Report will be approved if it was developed jointly by ACF and the State (or the Indian Tribe) and if it meets the requirements of 45 CFR 1357.16.

(7) The five-year CFSP for FYs 1995-1999 may be submitted in the format of the State's or the Indian Tribe's choice and must be submitted no later than June 30, 1995, to the appropriate ACF Regional Office.

(c) *Assurances.* The following assurances will remain in effect on an ongoing basis and will need to be re-submitted only if a significant change in the State or the Indian Tribe's program affects an assurance:

(1) The State or Indian Tribe must assure that it will participate in any evaluations the Secretary of HHS may require.

(2) The State or Indian Tribe must assure that it will administer the CFSP in accordance with methods determined by the Secretary to be proper and efficient.
